

SERVICE FLASH

Date: Friday 18 May 2007

Flash No: 2

Leg: 1

Special Stage: SS2 Terranova

Weather: sunny

Road conditions: For the first 12km the road surface is perfect, a little slippery. From km 12 to the 19 in the area near to the Ford "Red Bull", the surface is uneven with the stones.

There are many spectators well and safe dislocated along the first 5km and close to the finish. The Special Stages started five minutes late.
