## SHAKEDOWN

**HIRVONEN (Ford)** . The test was good, we have tested both tyres and the set up of the car, everything is ok. I feel confident, Focus is good, the surface is soft and after the first passages you can find ruts.

**LOEB (Citroen)** . We have used the Shakedown to test the set up and everything was fine with my C4. The race will not be easy because it is the first time we have to race after rainy days. My goal is to become the leader again but this has always been a difficult race.

**ATKINSON (Subaru)** . We have touched the right front on a rock and we have damaged a little bit the mechanic of the suspension. We are here to race, I feel confident.

**SORDO (Citroen)** . The shakedown had a soft and very damaged surface but we have been able to test the car. It will be a very difficult race, without mousse and on this kind of gravel, punctures may be often occur. I hope to be on podium for the third time.

**LATVALA (Ford)** . Focus is ok, the set up is really good. Weather seems to become better for the race time and my feeling with the car is super.

**GALLI (Ford)** . I have checked the right set up, the car is ok. Let's see how the Stage's conditions will be tomorrow. I'm racing for podium.

**P.SOLBERG (Subaru)** . The car is going to be even better. This morning I noticed a strong understeering.

**WILSON (Ford)** . The surface is really damaged, but the shakedown is much different from the Stages, there were many rocks on the way.

**PG ANDERSSON (Suzuki)** . The Shakedown was very technical, narrow and we have broken the transmission.

**GARDEMEISTER (Suzuki)** . We are looking for the correct set up.

**VILLAGRA**. I've tried the car and everything seems to be ok. We feel confident..
