The Stewards received a request from the FIA Technical Delegate which stated that Competitor No. 33, Entrant and Driver AARON NICOLAI BURKART, Co-driver MICHAEL KOELBACH had requested for a carbon fibre seat for this car because of the height of the concerned driver, especially his long torso (upper part of the body).

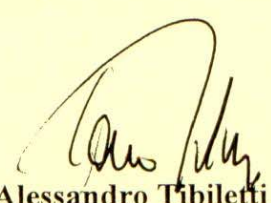

This request was circulated to all Priority 3 Competitors who have agreed subject to the difference in weight between the carbon fibre seat and the normal permitted fibre glass seat being carried as ballast by Competitor No. 33.

Upon weighing, according to the FIA Technical Delegate the difference is 3.0 Kg.

The Stewards agree to this request subject to the above ballast being carried by car No. 33 and this decision will remain in force for all the remaining rounds to be contested by Competitor No. 33 in 2008.
