Rally d'Italia Sardegna – Day One

Info Pattada Regroup

2 – Hanninen: Nice stage but very slippery, I was often sideways due to some oversteer. I was sweeping the road. I am happy because, driving as the first car, I learned to drive on a slippery surface.

3 – Meeke: It did not go well with the tyres, I am not happy with the performance.

5 – Andersson: I had diff problems for a sensor failure.

6 – Kopecky: I did not have any problems, but the stage was really very narrow and slippery and it was difficult to see the margins of the road.

10 – Neuville: A difficult stage but, having found a good rhythm, I preferred not to take risks.

11 – Andreucci: I fitted the right tyres and had a good stage time. A really nice stage with a good audience.

16 – Trentin: No specific problem, but I did not find the good rhythm. The car was sliding too much.

21 – Battistini: All OK. A pity for this morning, when I lost 1'30" starting behind Cavigioli. I couldn't see anything.

8 – Magalhaes: Very slippery, but I drove better than this morning.

20 – Ricci: I did not have a good feeling with this stage and therefore I did not drive well.

26 – Dettori: I know the stage well so I could finally drive without tactics and I did a good time.
