Press Office

PRESS RELEASE N. 9

Olbia, April 25th 2006

Information and safety "made" in Sardinia along the route *Inforally Group, 118 Emergency of Sassari and Fireman Department of Sassari*

Also this year the *Inforally Group* will provide an information service along the 18 special stages of the 2006 Rally d'Italia Sardegna, giving the fans and the persons working for the rally a continuous updating. The two *Inforally* cars have a sound diffusion system and will be constantly in contact with the Press Office in order to get times, special stages winners, classifications and all the important news.

As far as concern safety next to ACI Global and ACI Breakdown Service 803116 also the doctors of 118 Emergency of Sassari and the Fireman department of Sassari will be working with their professionalism, experience and knowledge of the territory for Rally d'Italia Sardegna in order to guarantee both safety and first aid.

"We are satisfied with the job done in the past two years" said Doctor Piero Delogu physician of the 118 Emergency of Sassari and co-ordinator of the rally project "We worked together with the organizers and particularly with Lucio De Mori, Deputy Clerk of the Course".

Since 1999 the 118 Emergency service works in Sardinia securing the co-ordination of all the emergency services and at the same time promoting, divulging and developing the concept of Sanitary Emergency.

It has been essential the co-operation with the Commander of the Fireman Department of Sassari, Engineer Luciano Cadoni, who gave the organizers the possibility to use an helicopter of the Helicopter Pilot Team commanded by Angelo Usai with two pilots, two officers of the S.A.F. department (river and mountain assistance) and a skilled technician. All together there will be 270 persons involved: doctors, professional nurses, chaffeurs and volunteers; 30 ambulances 20 of which 4 WD positioned along the special stages each 7.5 km, each one equipped with all kind of emergency devices and a doctor on board. There will be two helicopters one of them a real flying ambulance obtained by means of the Fireman Department, with reanimation doctors on board. Radio links through airplanes. Fire fighting.
